

## Mobile Storage for iOS Devices

# JetDrive™ Go 300

Running out of storage space on your iPhone® or iPad®? Transcend's JetDrive™ Go 300 Lightning/USB 3.1 flash drive is designed to expand your iPhone, iPad or iPod® storage by up to 128GB. With the exclusive JetDrive Go App, you can effortlessly explore, move, back up and manage photos and videos between the JetDrive Go 300 and your iOS device.

### A flash drive for iPhone, iPad and iPod

Have you ever seen a "Cannot Take Photos" message pop up on the display whilst trying to save photos and videos? The JetDrive Go 300 provides your iOS device with up to 128GB of additional storage, so you can focus on capturing unforgettable moments without worrying about running out of space.

### Easy file transfer

Specifically designed for the JetDrive Go series, the JetDrive Go App features an intuitive interface that allows you to quickly browse, move and copy your photos and videos between Camera Roll and the JetDrive Go 300 in a few taps.

### One-touch backup

Running out of space on your iOS device? Backing up files with the JetDrive Go 300 and the JetDrive Go App is easy and intuitive. The App Features a Backup function that can move all of your photos and videos from your iOS device to your JetDrive Go 300 with a single tap.

# JetDrive™ Go 300

### Features

- Ideal for iPhone, iPad and iPod
- Transfer and backup photos and videos with the JetDrive Go App
- Share files without Wi-Fi, Bluetooth and cellular connections
- Dual connector design: Apple® MFi certified Lightning+ USB 3.1 Gen 1
- Available in 32GB, 64GB and 128GB capacities

### JetDrive Go App

Transcend's JetDrive Go App is designed to work with Transcend's JetDrive Go for iPhone, iPad and iPod to expand storage capacity in a flash. The versatile app makes using the USB flash drive even more powerful, as photos can be saved directly to the USB flash drive right after being taken, and files can be managed more effectively.
